Not All Thieves Are Stupid

LONG - TERM PARKING

Some people left their car in the long-term parking at San Jose while away, and someone broke into the car. Using the information on the car's registration in the glove compartment, they drove the car to the people's home in Pebble Beach and robbed it. So I guess if we are going to leave the car in long-term parking, we should NOT leave the registration/insurance cards in it, nor your remote garage door opener.

GPS:

Someone had their car broken into while they were at a football game. Things stolen from the car included a garage door remote control, some money and a GPS which had been prominently mounted on the dashboard. When the victims got home, they found that their house had been ransacked and just about everything worth anything had been stolen.

PURSE IN THE GROCERY CART SCAM:

A lady went grocery-shopping at a local mall and left her purse sitting in the children's seat of the cart while she reached something off a shelf/ Wait till you read the WHOLE story! Her wallet was stolen, and she reported it to the store personnel. After returning home, she received a phone call from the Mall Security to say that they had her wallet and that although there was no money in it, it did still hold her personal papers. She immediately went to pick up her wallet, only to be told by Mall Security that they had not called her. By the time she returned home again, her house had been broken into and burglarized. The thieves knew that by calling and saying they were Mall Security, they could lure her out of her house long enough for them to burglarize it. Very importantly, when sensitive info is being asked through texts, CONFIRM by calling back. Also, when you're being texted by friends or family to meet them somewhere, be sure to call back to confirm that the message came from them. If you don't reach them, be very careful about going places to meet "family and friends" who text you.
